## CENTER FOR TRAINING AND CAREERS (CTC) IS NOW ENROLLING UNEMPLOYED WORKERS INTO THEIR GREEN CAREERS ACADEMY

The Green Careers Academy can lead to defined career opportunities and growth in the renewable energy, energy efficiency and residential home-building industries. Our training program is designed to meet the needs of workers regardless of skill level. Whether the individual is new to the industry, has some construction skills, or brings a wealth of experience. This training is designed to help develop skills that increase opportunities to obtain and retain employment in the green industry sector.

### PROGRAM MODEL:

Certifies Participants in three areas:

- Solar Installer
- Energy Specialist
- Weatherization Specialist

Training includes, basic construction skills, tool identification and use, and construction math, presented in classroom and hands-on learning environments.
